

Call for Papers on “Cultural Heritage Protection”

Special Session on the 1st International Conference on Safety and Crisis
Management in the Construction, SME and Tourism Sectors

<http://1stCoSaCM.euc.ac.cy>

Nicosia, Cyprus 24 – 28 June 2011

Organized by:

Dr Fantina Tedim, University of Porto

Vangelis Katsaros, University of Thessaly

Selected papers will appear on a Special Issue in: “*Cultural Heritage Protection*”
in **Disaster Prevention Management**

SCOPE

Although natural disasters are – by large – unavoidable, man made disasters increasingly affect the cultural sectors. This special session aims to become a scientific forum where the whole spectrum of protection of cultural heritage will be presented, analyzed and discussed. In particular we would be interested to discuss stakeholders policies, analyze communication campaigns, research the provision (or not) of training to the employees of such installations, identify the good practices in protection management of heritage sites, the integration of new technologies in the protection process, and finally the management of potential crises.

Papers are invited for this Special Session in *Cultural Heritage Protection* that will take place within the 1st International Conference in Safety and Crisis Management in the Construction, SME and Tourism Sectors (1st CoSaCM). The session will be chaired by Dr Fantina Tedim from the University of Porto and Vangelis Katsaros from the University of Thessaly. Selected papers from this session will be published in *Disaster Prevention and Management* (Emerald).

TOPICS OF INTEREST

Researchers and practitioners are invited to submit papers that focus (but not limited) on the following themes:

- Cultural Heritage Protection Policy
- Cultural Heritage Protection Management
- Cultural Heritage Disaster Prevention
- Cultural Heritage Protection Communication Campaign
- Cultural Heritage Protection Best Practices
- Cultural Heritage Protection Training
- Cultural Heritage Protection Crisis Management
- Use of Modern Technologies in Cultural Heritage Protection
